

## MILLION DOLLAR FIRE IN HOBOKEN

Burning Oil and Alcohol Laden Barges Light Up the City.

## STEAMER BURNS UP

British Queen, Laden with a Valuable Cargo, Destroyed to the Water's Edge.

## FIRE STILL BURNING

New York, March 19.—A score of streams of water are being poured on the blazing ruins of the spectacular fire that destroyed the big steamship British Queen at Phoenix Pier and several barges and lighters at Hoboken last night. As far as can be learned only one life was lost, that of Chief Engineer Scott of the Queen. Six persons were more or less seriously injured. The police will make a search of the ruins later in the day and there are some expectations that other bodies will be found. It is estimated this morning that the loss will reach over a million dollars.

The burning steamship British Queen was blown by the gale across the bay early today and now lies still burning. Just off the South Brooklyn ferry ship. It lies directly in the path of the ferry boats. The stevedores, severely burned in the fire, died this morning.

## BRITISH STEAMER DESTROYED.

Great Water Front Fire in Hoboken, New Jersey, Last Evening

New York, March 19.—Hoboken had a great water front fire last night, its second in less than two years. One steamship pier, leased by the Phoenix line, was destroyed with thousands of bales of cotton and hay, and the steamship British Queen of that line was burned to the water's edge. The pier of the Barber Steamship line was slightly burned, and the pier of the Holland-American line, to the south, escaped after being endangered for an hour. Seven oil and alcohol laden barges and lighters floated out into the stream from the burning piers and drifted blazing down the North River with the tide, making a glorious night spectacle.

So far as learned only one man was likely to die, and one man was missing.

There were rumors that men and women had jumped from the burning lighters into the river. Chief Engineer Scott of the British Queen, who was seen about the ship a few minutes before the fire, was nowhere to be found at midnight, and his fellow-officers believe he perished in the flames, as he would have been foremost among those who were fighting to save the other piers.

The Captain of the lighter Tomwanda saved himself, his wife and his child by pushing a cotton bale into the water, placing his family and himself upon it, and paddling his strange life raft into the river.

Several daring rescues were made by the naval militiamen on the Portsmouth, stationed just above the blazing docks. Under command of Lieut. Davenport they lowered a boat and went in among the blazing lighters and burning ship and saved persons who had jumped into the water. Five longshoremen were burned in racing with the flames.

At 11 o'clock the river, which had been lighted by burning barges since 8:30 o'clock, was further illuminated by the blazing shape of the big British Queen, which was dragged out into the middle of the stream and half-drowning, half-towed by tug boats, went hissing and spouting sparks and tongues of flames toward the Jersey flats, where it was beached.

The burning oil barges were all night long a blazing menace to New York's down town districts. The New York fire boats hung about the burning barges, making every effort to quench the flames before they should be carried across to the New York side of the river.

One lighter reached the New York side with enough fire aboard to make trouble. It set fire to the Pennsylvania pier at Murray street, and did some damage before the New York shore fire department could reach it.

At 10 o'clock the lines holding two alcohol laden boats to the side of the British Queen parted and both of them drifted against the side of the Barber line pier. In a moment the outside of the pier was ablaze. Inside were hundreds of barrels of kerosene. With heroic calmness two companies of Hoboken firemen, assisted by policemen and employees of the Barber line, began rolling these barrels ashore. The fire never reached one of them. The only damage to the Barber line pier was the burning of a large bale.

The damage done by the fire is estimated at \$1,000,000.

C. A. Sanborn leaves tonight for Benson Court, N. Dakota, where he is engaged in business.

## PENNSYLVANIA COAL MINERS

Over 600 Delegates Assemble for Convention at Shamokin.

Shamokin, Pa., March 19.—The most important convention of hard coal miners since that which resulted in the memorable strike of 1900 began here and is likely to remain in session until Saturday. The three anthracite coal districts, known technically as districts Nos. 1, 7 and 9, United Mine Workers of America, are represented by over 600 delegates.

The failure of the operators to meet the officials of the miners' union was the principal topic of discussion among the delegates prior to the convention. Many of them are insistent in their demand for recognition of the union, but the impression prevails that if other concessions are made by the operators the matter of recognition will be permitted to rest for the present.

## CONGRESS WILL BAR OUT BAD ALIENS

General Immigration Bill is Reported Favorably to the House—Lines Are More Rigid.

Washington, March 19.—The general immigration bill was reported to the house today with a recommendation that it be passed. This measure was prepared by Chairman Shattuck of the committee on immigration and naturalization. His committee accepted the bill and directed him to report it favorably. Summarizing his work Mr. Shattuck says: "The bill excludes from admission to the United States anarchists or persons who believe in or advocate the overthrow of force or violence all governments or forms of law or the assassination of public officials."

Another new class of persons excluded is epileptics and persons who have been insane within five years previous to coming here and persons who have had two or more attacks of insanity at any time previous. They were formerly exempt after one year.

The section relating to contract labor is made more stringent and now includes persons who have been induced to come to the United States by "offers, solicitations, promises or agreements," and the section includes the words, "those who import or attempt to import," which it is claimed will catch the contractor even if the laborers are not lured.

The bill also provides that inspection shall be made from time to time of all reformatories, insane hospitals, charitable institutions, etc., and that all aliens who are there found who have become public charges under the law are to be deported. This provision is made to help clean out the institutions of the country. The head tax on immigrants is increased from \$1, as at present, to \$1.50. This is to meet the expenses of the immigration business.

## THREE KILLED IN WAUSAU SAWMILL

Boiler Suddenly Explodes and Engineer and Fireman Fall Victims—Cause a Mystery.

Wausau, Wis., March 19.—By an explosion of a fifty horse power boiler yesterday morning at Gavitt's sawmill, about nine miles southeast of Wausau two men and a boy were killed. The mill is a small one and employs only fifteen hands. William M. Gavitt, owner, acts as engineer and this morning was a little later than usual in starting the engine. Not two minutes before the explosion the entire crew was congregated in the boiler room, as the weather was very cold.

The order was given to start the machinery and all the men except the engineer, fireman and a boy left the room for their respective stations about the mill and yard. The last man to leave was not ten feet away from the door of the boiler room when the explosion took place. The killed are:

WILLIAM M. GAVITT, owner and engineer, aged 48 years.

CASPER GOLDMAN, fireman, aged 27.

JOHN DOHOMIZSKI, aged 15. As both the engineer and fireman were killed, no one is left to explain the cause of the accident. It is supposed to have been due to lack of water in the boiler.

## SPARKS FROM THE WIRES.

Jefferson City, Mo., March 19.—The state supreme court today decided in the case of the Haas Clothing Co. vs. Watson, that labor unions have the right to boycott. The circulation of boycott petitions are held to be guaranteed in the bill of rights.

Washington, March 19.—The North Atlantic squadron arrived this morning at the port of Spain on the islands of Trinidad. It will probably remain there several days so as to be within easy reach of the Isthmus of Panama in case a revolution should require its presence at Colon.

Jersey City, N. J., March 19.—Tom Burns, manager of the Jersey City baseball club and once third baseman of the old Chicago White Stockings when it had the famous "Stonewall" infield, died suddenly of heart disease last night.

Men of Co. I Discharged The discharge papers for the members of Co. I are now in the hands of Lieutenant Henry F. Baldwin and all members can get them by calling on Mr. Baldwin at his home on North Bluff street. The papers are handsome and contain the official seal of Adjutant General Boardman.

## ALL DEPENDS ON FARM PRODUCTS

Continued Prosperity Coming Year Means Raising of Good Crops.

## HOPE IN OUTLOOK

Every Hint of the Coming Harvest is Being Eagerly Watched by Financiers.

## COMMERCE BOOMING

New York, March 19.—Every scrap of information, whether hearsay or authentic, that gives any hint of the character of the harvest next summer and fall is more eagerly heard and discussed here than any reports of political canvassers to organization managers have ever been—at least in this city.

It is a statement frequently heard here that never before has there been such thorough and far-reaching attempts to obtain and read the signs of the times as they are displayed over all the agricultural regions of the South, the middle and the far West, as is the case today. The reason for this is in the common conviction that upon the crops and the crops alone depend the continuance of our prosperity until well within the next year.

For there is no doubt whatever about the manufacturing situation. The report from Washington made public yesterday gives in a concise, and in some respects wholly new abstract, an idea of the enormous increase in our manufacturing industries, an increase for ten years represented by figures so great that the mind can scarcely appreciate their immensity.

The increase in the value of the products which our skilled artisans and more humble labor have turned out and marketed is a little under \$10,000,000,000. This is the increase for a single decade. We manufactured and marketed in the year 1900, which is the latest year of which it has been possible to obtain full reports, articles valued in all at a little over \$13,000,000,000, and this is believed to make the world's record.

International Trade Outlook. The experts suggest the immensity of this manufacturing industry by stating that the total money value of the wholesale and retail transactions in articles representing American manufacturing industry is greater than the international trade of the principal countries of the world. \$567 much greater, the experts are unable to say. Probably the statement is made not as an exact proposition, but as a wholly justifiable guess or estimate.

Now, there is no doubt here of the continuance of this manufacturing industry, provided that the farmers of our great agricultural fields find the climate influences of this year to be favorable. The farmers are as alert and energetic as are the skilled artisans.

We get some idea of the extent of their operations by a report published this morning, in which it is said that the West, including in that term all of the Mississippi valley, the Missouri valley, and the distant Southwest, furnishes 75 per cent. of the hog products, and 50 per cent. of the milk cows. One city in the West, Minneapolis, sends out to feed the world 16,000,000 barrels of flour a year, while another much smaller city, not far from Chicago, makes and markets 3,000,000 pounds of butter.

## GROVER CLEVELAND IS 65 YEARS OLD

Ex-President Spends Birthday Anniversaries Quietly at Home—Talks of Panama and Canal Plan.

Princeton, N. J., March 19.—Former President Grover Cleveland, who is now the only living ex-president of the United States, was 65 years old today.

Mr. Cleveland spent the whole day at his comfortable home on Bayard lane with his wife and children. As he was confined to the house much of the winter on account of sickness, he deemed it advisable in consequence of the sudden change in the weather to remain indoors and thus avoid any chance of another attack of illness. In reply to a question on the agitation for the construction of the Panama Canal he said:

"I notice that the question has already been debated and passed one of the Houses, and I see no reason why it should not go through. Much care should be exercised, however, that we do not make the thing mere a kind of grab-bag for ourselves."

## STATE HOMEOPATHS TO MEET

Annual Meeting Will be Held in Milwaukee May 21 and 22.

Milwaukee, March 19.—The Wisconsin Homeopathic society will hold its annual meeting in the arcade of the Plankinton house, May 21 and 22. The society includes in its membership almost all of the homeopathic physicians in the state, and is organized along the lines of other medical societies for the purpose of keeping the members thoroughly abreast of the times and to permit an exchange of ideas on matters of every-day practice.

## FARMERS MEET AT OCONOMOWOC

The "Round-Up" Institute Promises a Most Successful Session.

## A WOMAN'S SECTION

"Modern Methods of Doing Business," by Rev. T. N. North of Milton.

## EXHIBITS ARE GOOD

Oconomowoc, Wis., March 19.—The "round-up farmers' institute," which is in session here today, promises to be successful both in variety of subjects and scope of discussion.

The city is decorated with flags and arches, and all the incoming trains brought representatives from different sections. Superintendent George McKerrrow was early on hand to conduct the institute, and many institute conductors are here.

The sessions of the institute are held in the town hall, which is gayly decorated with flags and national bunting. In the rear of the hall were displayed the exhibits of the mid-winter fair, which consisted of prize exhibits of dairy butter, creamery butter, American cheese, brick cheese, apples, canned fruit, wheat, winter rye, barley, corn, oats, clover, timothy, early potatoes, late potatoes, garden truck and beans. The prizes will be announced tomorrow.

Woman's Section a Feature Along the front of the town hall ran the pioneer thoroughfare, the Watertown plank road, one of the oldest improved roads in Wisconsin, and in the rear, a short distance away, Lake Koshong lay in icy bonds, keeping in commemoration a pioneer Wisconsin name. The present round-up is the first of the sixteen round-ups since Assemblyman C. E. Estabrook's bill to establish farm institutes became a law, that has been held in a building abutting on this pioneer thoroughfare.

A feature of the institute is a woman's section which contemplated two demonstrative lectures and an afternoon session of talks pertaining to home and families.

Agricultural Education Institute Conductor L. E. Scott of Neenah presided at the evening meeting. Mrs. Ida Wilson of West Salem gave an address on "Agricultural Education." The preservation of the balance of the population, the speaker said, was a rational motive for agricultural education, and quoted from census figures to show that the country's population had increased fifty times while the city population had increased 150 times in the same period. She predicted that in a short time grasses, grains, birds, insects and kindred subjects would be made subjects of education in public schools.

Milton Man Speaks "Modern Methods of Doing Business" was the subject of a paper by the Rev. T. N. North of Milton. The trend of it was to compare old ways of transacting business with the present. He advocated the adoption of strikers' laws or trusts by the states. Venith, he said, does not necessarily make a man dangerous. It may make him a great benefactor. In a government like ours the contraction of so much wealth in a few hands is certainly not the most healthful condition of affairs. It is the abuse of the power of wealth that makes great business combinations, called trusts, dangerous. Their rights and powers should be carefully prescribed.

The large business enterprises of modern times cannot be successfully conducted without large capital and the large combinations are essential to the fullest development of our vast resources. If honestly and safely conducted they would prove a blessing. They become a menace because so often selfishly and dishonestly conducted. Mr. North's address seemed with figures and comparisons. The program today includes addresses on "Farmers' Telephones," by James Fisher, Jr., of Eastman; and George Wyke of Morrisville; and addresses by D. B. Foster of Fairchild, W. H. Stevenson of Champaign, Ill., A. F. Postal of Menomonee Falls and Former Governor W. D. Hoard of Port Atkinson.

## FISHERMEN SWEEP OUT ON ICE FLOE

Relatives of Fifteen Carried Into the Lake from Marinette, Wis., Fear for Their Fate.

Marinette, Wis., March 19.—There is a great deal of anxiety here for the safety of the fifteen fishermen who were caught in the moving ice on Saturday night. The Gagnon, which started out to bring them back was unable to make the trip on account of the heavy sea and returned. The tug will make another attempt tomorrow.

Friends and relatives of the missing men, whose whereabouts for a certainty are not known, are in great alarm and are making every possible effort to hurry the trip of the tug. Nothing has been heard from the men and it was taken as a matter of course that they had got ashore on Chambers' Island, but it is likely that they had a hard time of it and some of them may not have made the island.

## MAJOR WALLER GAINS A POINT

His Plea That Mixed Court Has No Jurisdiction is Sustained.

Manila, March 19.—The court martial which is trying Major Waller of the marine corps on the charge of putting natives to death without a trial held its first session and sustained the plea in bar offered by Commandant Marx, Major Glenn and Attorney Sutro, counsel for Major Waller, who argued that a mixed court had no jurisdiction, for the reason that after the acts alleged to have been committed by Major Waller he was regularly relieved of army duty and permitted to return to his marine duty, without any accusation having been made against him. Hence he was beyond army jurisdiction. The court adjourned awaiting instructions from General Chaffee.

General Bell reports the surrender of ten officers and sixty-two riflemen.

## DANIEL WELLS, JR., HAS PASSED AWAY

One of the Pioneer Settlers of Milwaukee and One of the Richest Men in Wisconsin.

Milwaukee, Wis., March 19.—Daniel Wells, Jr., the last of Milwaukee's pioneer settlers, died last evening after an illness of three days. Mr. Wells was 92 years of age, and up to the time of his last illness continued in executive control of his numerous business affairs, his mind being as clear and his judgment as good as ever. Mr. Wells was the wealthiest man in Wisconsin, probably being worth \$20,000,000. When he came to Milwaukee in 1835 he had just \$2,000. This he invested in government and timber lands, and re-invested in pine until he was one of the largest holders of pine lands in the Northwest. He was connected with a number of prominent lumbering companies.

Mr. Wells was elected congressman from the first Wisconsin district in 1852 and served two terms, refusing a re-nomination for a third term. He was a commissioner to the Crystal Palace exhibition in London. With the exception of a term in the territorial legislature and acting as under sheriff when the country was new, these were all the offices he could be induced to accept. Mr. Wells was one of the principals in the celebrated Wells-McGeough land deal in 1885.

## CAMPAIGN WILL BE SHORT AND BRISK

Republicans Have Hope of Retiring Mayor Rose in Milwaukee This Spring.

Milwaukee, March 19.—The city campaign will last just two weeks. In the next fourteen days both parties will put in some of their hardest work that has been seen in the city for some time. Mayor Rose has not wasted any time in getting down to work and today began his usual series of talks to the workmen of the city at the factories during the noon hour.

He spoke this noon to the Eiler & Stowell employees, and each day will visit some one of the large plants in the city, in addition to two or three meetings each evening. The Republicans spent the day in getting plans laid for the campaign. At county headquarters the feeling was strong, that with hard work Mayor Rose would be retired to private life next month.

The mayor announced that he would meet anyone who wished to discuss his administration in joint debate. The challenge was taken by the social democrats but the mayor refused to meet their representative on the ground that he was not arguing Social Democracy.

Major Anson, the Republican nominee, spent the greater part of the day in consultation with the republican leaders at headquarters, arranging a plan of campaign. The major expressed the belief that this was a Republican year, and with a sharp, hot campaign, the entire ticket would be elected.

## WOMEN WANT THE SPITTERS ARRESTED

Louisville Society Women Ask Chief of Police to Make Examples of Prominent Men.

Louisville, Ky., March 19.—Mrs. W. R. Belknap and Mrs. George C. Avery, society leaders of Louisville, called on Chief of Police Gunther today to ask him to enforce the ordinance prohibiting expectorating in street cars and in other public places.

"We want you to arrest," said Mrs. Avery, "one or two prominent citizens who are guilty of this abominable offense of spitting on the street car floors of public buildings—for instance, the customhouse."

"We want you," said Mrs. Belknap, "to put a man on each street car to arrest those who spit on the floors. We do not ask you to arrest laboring men, but wish you to make an example of the so-called 'high-toned' tobacco chewers who are guilty of this offense."

Hearing of J. H. Joyce Madison, Wis., March 19.—(Special)—The preliminary hearing of J. H. Joyce, ex-cashier of the Stoughton bank, charged with receiving deposits after the bank was insolvent came up in the municipal court today.

## WESTERN ROADS; GRANT MERGER

Rock Island is Seeking to Absorb the Northwestern System.

## A BOOM IN STOCKS

William B. Leeds Said To Be Selected for Head of the New Combine.

## ST. PAUL MAY COME IN

Chicago, March 19.—The combination of the Chicago, Rock Island & Pacific and the Chicago and North-western railways was reported upon good authority on La Salle street yesterday. Giving weight to the report was the phenomenal rise in the stocks of the two roads in the last ten days, and a dispatch received yesterday from South Bend, Ind., stating that he Moore syndicate, headed by William H. and James H. Moore, is in negotiation with the Ollivers of South Bend, to take over the latter's holdings in the Northwestern. The Moores control the Rock Island.

W. B. Leeds for President William B. Leeds, president of the Rock Island, is reported to be the choice for president of the consolidated roads.

Next to the Vanderbilts, the Ollivers are the leading holders of Northwestern railway issues. Some time ago they were reported to be willing to part with their stock if the men who wanted to buy were willing to pay the price. The Moores have declared that they are willing to pay it.

It has been a popular belief that the Vanderbilts owned a controlling interest in the road. Recently it has transpired that they possessed the bonds but not the stock. The Moores have been buying quietly the floating supply and fully 89 per cent. of the trades recorded in the last four weeks have been for their account. Associated with them in the transaction are Messrs. Frick, Leeds and Reid. Besides these sales, many recent purchases of railroad stock have been unrecorded and large block of Northwestern have been bought privately.

St. Paul road in the Combine Both La Salle and Wall street have been mystified for weeks over the activity in Northwestern and Rock Island issues. Rumors have been many and varied, but no satisfactory explanation for the steady advance in the stocks of both roads was offered.

Rock Island jumped from 155 to above 172 in less than a month, and Northwestern from 212 to 232 and above in three weeks. The brokers could offer no solution.

The merger of the Rock Island and the Northwestern will mean the consolidation of two corporations with a combined capitalization in stock and bonds of \$334,554,738, operating together 3,236 miles of road. Close on the heels of the authoritative report of the contemplated merger of these two roads, it was rumored that the Chicago, Milwaukee & St. Paul was to enter the combination. This report was somewhat discredited, because the St. Paul issues have not been particularly active recently. There has been no movement of consequence in the stock, and traders said yesterday that if the Moores had been attempting to acquire control of this road, too, the market would have been affected.

## LA FOLLETTE WILL GO TO CHICAGO

Leaves Madison Tomorrow with a Party, to Attend Pythian Jubilee in Windy City.

Madison, Wis., March 19.—(Special)—Tomorrow morning Gov. La Follette, in company with a party of Madison Knights of Pythias, will leave for Chicago to attend the grand jubilee of the order, Thursday, a feature of which is to be the initiation of the governor into the mysteries of the third degree, which will also be conferred upon Senator Beveridge of Indiana and Mayor Harrison of Chicago. The governor was initiated into the local lodge a week ago, receiving the first two degrees then. Arrangements are being made by the Madison Pythians to give the grand lodge a good time when it meets here June 17 and 18. Committees have been appointed to look after the entertainment of the guests, which will include a reception and grand ball.

The Senior law class at the state university will endeavor to secure ex-President Grover Cleveland to make the commencement address to the class. Dean E. E. Brant and ex-Senator W. F. Vilas were asked to send the invitation, and are now in correspondence with the ex-president, and hope to secure him.

Chinese Rebellion Growing Hong Kong, March 19.—Two more leaths of Imperial troops by rebels are reported in a battle which took place near Po-Pak and Seck-Shing. The victory of Chih has been asked by the Governor of Canton to send reinforcements as it is impossible to subdue the rebels with the present forces.

## DOMESTIC ART IN THE SCHOOLS

Federation of Women's  
Clubs Visit High School  
Cooking Rooms.

## WORK IN KITCHEN

Address by Mrs. Lovejoy on  
the Aim and Methods of  
This Society.

## MRS. YOUNG SPEAKS

If any lady attending the convention of the First District of Wisconsin State Federation of Women's clubs in session yesterday at the Congregational church had any doubt as to the value of domestic art in the public schools it was surely dispelled after the hour spent in this department in the high school building, which was one of the most agreeable features of the day's entertainment. The convention moved as a unit. The ladies made a brief visit in the manual training rooms in the basement and then took themselves to the third floor to witness a demonstration of cooking under Miss Sara Hostetter.

Tables were arranged in front, and the girls in teams of two each, made baking powder biscuits and popovers and when these staples were compounded and the young demonstrators had retired to put them in the ovens Miss Hostetter gave facts and figures concerning the practical working of the department. How deeply the ladies were interested was proven by their numerous questions, and many will return to their homes and take steps to introduce this most important course into their own public schools. Miss Hostetter's aim in teaching is to make this department as purely educational and as dignified as any course in the curriculum.

The afternoon session convened at 2:30 and was opened by an agreeable piano solo by Miss May Treat. The report of the credentials committee by Mrs. E. O. Kimber gave the following figures: Representatives—not all delegates—from Beloit's eleven clubs; 39; from Watertown's six clubs; 34; from Racine's two clubs; 2; Kenosha; 2; Delavan; 1; from Evansville's two clubs; 13; the two Edgerton clubs; 5; and one each from Fort Atkinson, Waukesha, Victor, Colorado and Orford.

"Art Study in the Clubs" was the title of a paper by Mrs. Gilbert Anderson, of Watertown. She made especially emphatic the advantage of the portfolios of pictures loaned to the clubs studying art, after the method of the traveling libraries.

Mrs. A. P. Lovejoy, vice president of the State Consumers' League, gave a talk on the methods and aims of this organization. Its object is to discourage sweatshop work, and to substitute therefor the output of factories where cleaner, more humane and more hygienic methods are employed. In Janesville are four stores where goods bearing the white label, the brand of the league, may be obtained.

After an hour at the High School and an informal reception at the church, supper was served and was partaken of by many of the townspeople outside of the convention.

**Endorse Consumers' League**  
During the day a resolution was presented and unanimously adopted endorsing the Consumers' League, expressing the measure of the convention in meeting the State President, Mrs. Youmans, and the District Vice President, Mrs. Tanberg, acknowledging the kindness of the High School teachers and pupils and returning thanks to the Janesville clubs for their hospitality.

A very elaborate program had been prepared for the evening session and was rendered to a crowded house. In order to accommodate those who

must leave on an early train the address of Mrs. Theodora Winton-Young, state president of the federation, was given early in the evening.

**Fine Program Presented**  
As was fitting the city had been laid under tribute to furnish its best talent for the evening's entertainment and the result in vocal and instrumental music and elocution was eminently satisfactory. Mrs. John Fuller Sweeney and Miss Bess Wilcox each rendered a piano solo which were treats to the music lovers; the quartette, Mrs. James B. Field and Miss Ada Pond was a brilliant composition and the duet by Mrs. William T. Sherer and Miss Tessie Williams was very enjoyable. Mesdames A. O. Wilson and S. B. Lewis were heard in two duets, in one number, the first of which was especially pleasing. Mrs. John G. Rexford's three ballads elected an encore. Mrs. J. J. Day gave us a recitation, the tragic story of a Hindu Mother who sacrificed her own nursing to save that of her prince. It was done in the lady's usual magnetic manner and was acclaimed.

**Address of Mrs. Youmans**  
The place of resistance, so to speak of the evening was the address of Mrs. Youmans, who spoke from notes on the Woman's Century. She gave the political setting with Frederick the Great and Catherine of Russia, but recently dead, George III on the throne of England, Napoleon, first consul of France, and Adams, president of the United States. No railroads, no steamboats, no telegraph, no telephone, no daily news service. Woman was the home keeper with no existence apart from her husband, no educational advantages except those the most meager and superficial and politically little advanced beyond the time of Charlemagne.

Reference was made to Jane Austin, Harriet Martineau and Hannah More, who in the face of opposition public sentiment, and by virtue of extraordinary mental gifts had left their mark upon their time but such women were regarded as freaks. The speaker gave in detail the duties of woman, as then conceived, which was at once an amusing and a pathetic picture.

Then she traced the rapid broadening of the horizon. Education came within her reach, and school after school and later colleges and universities opened their doors to her timid knock. Next came her admission into professional fields through broader culture and into various industrial occupations by the invention of labor saving machinery.

**Civil War Solved Problems**  
The civil war solved many a problem in this connection forcing many delicately-reared women into the attitude of bread-winners. To conform to the altered conditions new legislation, far more liberal and chivalrous, than the old, was enacted, especially in regard to women's property rights.

Mrs. Youmans dealt with her subject comprehensively, showing great familiarity with the history and development of the United States and European nations. With no attempt at being funny she introduced much humor into her address by her naive, delicate and sympathetic treatment.

The state president is a slender, graceful woman, with a clear voice and a gracious, self-possessed manner. In her own home she is a popular society woman and an untiring journalist, and still has time for local, district and state club work, holding an enviable place in all three lines of activity.

The evening closed with a song cycle, participated in by Mesdames Rexford and Putnam, Messrs Vandik and Matthews, with Mrs. J. F. Pomeroy in the recitative and Mrs. Sweeney as pianist.

Thus ended the first district convention of this character held in Janesville and by its skillful management it reflects no end of credit upon those who had the matter in hand.

**For Permanent Organization**  
The principal object of the present gathering was the desire to form a permanent organization in the First District. A resolution was introduced by Mrs. V. H. Campbell, during the afternoon session, which were adopted. The committee named to formulate plans for such organization are:

Mrs. V. H. Campbell, Mrs. Henry Clark, Whitewater; Mrs. Charles Hansen, Beloit; Mrs. Redeker, Kenosha; Mrs. Lee Beers, Janesville. The resolutions signed by Mrs. Debra B. Emerson, Mrs. Pauline Christensen, Mrs. Helen R. Smith, are as follows:

**The Resolutions Adopted**  
Whereas, United effort broadens purpose and strengthens action, and believing that the clubs of the First District would be greatly benefited by an organization that would afford them the opportunity of meeting annually for counsel and an interchange of thought, Resolved, that a committee of five be appointed by the chair, to investigate the advisability of a permanent District Federation of Women's clubs.

Resolved, that if said committee decide in favor of such organization it shall formulate a plan to be presented to the clubs in the district for their consideration.

After due deliberation each club shall report its decision to the special committee, said committee shall report the result to the vice president of the district. If a majority of the clubs are in favor of a district federation the vice president shall be empowered to call a meeting for the purpose of effecting an organization.

Too much praise could not be given to the local musicians, and Mrs. Day, the elocutionist who furnished the entertainment features of the evening. Although the address of Mrs. M. M. Youmans of Waukesha, upon the theme of "The Woman's Century," was rather lengthy, it was nevertheless an interesting one and engaged the closest attention of all. It was historic throughout, and compared the women of 100 years ago with the women of today. This address was by a gifted woman and her ideas were original and instructive.

Previous to final adjournment the following resolutions were read and adopted:

Whereas, We, the club women of the First District of Wisconsin, being assembled by the invitation of the federation clubs of Janesville, in their third convention, on the 18th day of March, 1902,

Resolved 1st, We heartily endorse the work of the Consumers' League.

Resolved 2d, To the clubs for their cordial invitation, to our president for her presence and address, by our vice-president for her untiring efforts, to the ladies of the program committee, and to those who so charmingly assisted, and the teachers and pupils of the High School, and the ladies of Janesville for their very generous hospitality, we extend our hearty thanks.

## TOAST, STICK TO IT AND KEEP SMILING

Eighth Annual Banquet of the Baptist Young People's Society  
Last Evening.

There are few societies in this city where the spirit of good fellowship abounds in a purer form than that which permeates the various societies of the Baptist church of the Janesville. The eighth annual banquet of the Young Peoples' society of Christian Endeavor in the church parlors last evening was but another evidence of the fact mentioned above.

The banquet was held in the parlors of the church and the tables were arranged somewhat in the form of the little u, there being two long tables lengthwise of the room with a shorter one across the south end of the room. The decorations were of yellow and white and very prettily arranged. Ready hands and artistic eyes had festooned the pillars with pure white and dainty yellow bunting. Clusters of artificial snow balls of yellow and white, produced a pretty effect, while nicely arranged yellow and white shades modified the large banquet lamps upon the tables, throwing a flood of golden light throughout the entire room. At the long tables were seated the members of the society and a few invited guests, who partook of an appetizing menu.

After a generous quantity of the above good things had been put where they would do the most good, the happy banqueters turned to a mental feast, with Miss Katherine Stoddard as toast mistress. In a most genial and happy way Miss Stoddard introduced each of the speakers.

The first toast was "Leads" and was responded to by Miss Elizabeth Palmer, who mentioned various kinds of leads, other than those of a vegetable nature. She stated that the Janesville C. E. society was the largest of its kind in the state, but it had leads of a financial as well as a spiritual nature.

Leonard Bastin responded to the toast, "Our New Members" in a paper written in biblical phraseology and peeping out between his happily constructed phrases, were some most excellent words of advice regarding the obtaining and the retaining of new members.

Miss Lulu McDonald in response to the toast "Endeavorers of tomorrow" produced one of the bright gems of the evening in a poetical setting. In her happily worded rhymes were words of advice, of which good use might be made.

In responding to the toast "The Christian Citizen," Mr. A. E. Matheson, in a few words, pleasantly interwove some good points with mirth provoking experiences. The words "Christian Citizen" covered all our duties. To be a good Christian one must needs be a good citizen. God has given us many gifts which if used aright, will make us good citizens. Use such abilities as we have to the best advantage. One step in the right direction is better than no step at all. Bad men are not always as bad as some paint them, neither are some professed Christians so good as they would like us to believe. Let us live a well regulated life.

The toast, "Stick to it and keep smiling," was assigned to Rev. R. M. Vaughan and his remarks like the dew on meadow on a bright autumnal morn, had a refreshing sparkle about them. He divided his remarks under three heads. First, begin. One cannot stick to a task without beginning. Take up some work for the Lord and stick to it. Many people begin well but soon fail out.

Second, perseverance. This is an age of quick returns and we are apt to get impatient, but this must be a long season of work before the best results are obtained.

Third, keep smiling. You will find many unpleasant things in the world, but persevere and keep smiling. If you face the future and keep smiling, you are sure of victory. Have an adequate idea of the task at hand. Do all things for Christ and you can keep smiling.

In responding to the toast, "The Rain on the Hills" Mrs. E. H. Butterfield said: As the rain on the hills finds its way to the tiny brook and leads on and on to the river of majestic importance, so the little deeds of every day life, if well directed, lead on to a noble Christian character of goodly proportions. Human friendship, cheerful words, prayer and divine strength are the rain on the hills that finally develop into a noble character. The divine love lies in the sunshine, dew drop and budding flower.

**Stands by his Testimonial.**  
Editor Gazette: I learn from the Gazette last evening, that the Boy Phenomenon had unceremoniously left the city. I want to say a word in regard to myself. I still stand by the testimonial, printed in the Gazette over my signature, which was without solicitation from any person. I am the sole judge of my condition, before and after treatment, and can say at this time, I feel 50 per cent. better than I have for a year. Perhaps other persons could have manipulated my limb with the same results. Why should I not be glad and give testimony, after using crutches and canes for nearly a year, to be able to walk down town untrammelled? The question with me is, is the relief permanent? I hope so. Time will tell. Many persons have enquired in regard to my condition, and what I thought of the Boy. My answers invariably have been, I can only speak for myself. I am gaining daily. I have not tried to induce any person to take the treatment. I deplore the fact that many have lost their money. Those that were treated on the stage received free treatment. I am not cured, but much improved. If I can get through life and be as well as I am at the present time, I shall feel thankful.

GEO. W. CROSSMAN.

Mrs. Fred Green was called to Edgerton recently by the serious illness of her mother.

## TWO FINE SPECIMENS.

Of Physical Manhood.  
No form of athlete exercise demands such perfect physical condition as prize fighting. Every muscle in the body must be developed and supple, and heart, lungs and stomach must act to perfection.  
Whether we endorse prize fighting or not, it is nevertheless interesting to know the manner by which the men arrive at such physical perfection.

James Jeffries, the present champion heavy-weight of the world, and his gallant opponent, Tom Sharkey, in the greatest pugilistic encounter that has ever taken place, both pursued much the same course of training, and the first and most important part of this training was to get the stomach in condition, and to keep the digestion absolutely perfect, so that every muscle and nerve would be at its highest capabilities.

This was not done by a secret patent medicine, but both of these great pugilists used a well known natural digestive tablet sold by druggists by the name of Stuart's Dyspepsia Tablets and composed of the digestive ferments which every stomach requires for healthy digestion.

Champion Jeffries says: "Stuart's Dyspepsia Tablets prevent acidity, strengthen the stomach and insure perfect digestion. They keep a man in fine physical condition." Signed, James J. Jeffries, champion of the world.

The gallant fighter, Sharkey, says: "Stuart's Dyspepsia Tablets remove all discomfort after eating. They rest the stomach and restore it to a healthy condition. I heartily recommend them." Signed, Thos. J. Sharkey.

The advantage of the daily use of Stuart's Dyspepsia Tablets is that they keep people well and ward off sickness and are equally valuable to well persons as to the dyspeptics. Another advantage is that these tablets contain no cathartics, or poisons of any character, but simply digestive ferments which are found in every healthy stomach, and when the digestion is imperfect it is because the stomach lacks some of these elements and Stuart's Dyspepsia Tablets supply it.

They are no cheap cathartic, but a perfect safe and efficient digestive and the demand for them is greater than the sale of all other so-called dyspepsia cures combined. No remedy could possibly reach such a place in public esteem except as a result of positive merit.

Full sized packages are sold by all druggists at 50 cents, and the best habit you can possibly form is to take a Stuart Tablet after each meal. They make weak stomachs strong and keep strong stomachs vigorous.

Gives woman that womanly beauty, refined into its fullest splendor that dazzles the eyes of mankind. That's what Rocky Mountain Tea does. Smith's Pharmacy.

**A CARD.**  
We, the undersigned, do hereby agree to refund the money on a 50 cent bottle of Greene's Warranted Syrup of Tar if it fails to cure your cough or cold. We also guarantee a 25-cent bottle to prove satisfactory or money refunded.

## Told by Pain

If you have pains you should look after them quickly. Pain shows something is wrong. The sharper the pain the more danger there is in delay. There are thousands of women to-day who are bearing awful pain almost continually, rather than tell a physician about the shooting pains in their lower abdomen, about the agony of falling of the womb and the distress of leucorrhoea. They let the months pass and their trouble becomes harder to cure and more distressing. But modest women can secure exemption from the embarrassment of a private examination. When pain tells them of danger they can cure themselves by the use of

## WINE OF CARDUI

in the privacy of their homes. You can be cured without distressing publicity. With these facts before you there is no reason for the delay which is increasing your misery and wasting the days of your life. Why not stop the pain today?

Belen, Miss., March 9, 1902.  
I have used one bottle of Wine of Cardui and one package of Theodor's Black-Draught. Before I began to take your medicines I had pains in my back, hips, lower bowels and my arms. Sometimes I thought I would go blind. My head ached and I was so weak I could hardly walk across the floor. Now I can only feel a little of the pain in my side and I am going to use your medicines until I get cured, for I believe they will certainly cure me. I have been married twelve years and am the mother of seven children. I thank you for your wonderful medicine and what it has done for me.  
MAYBEL SMITH.

## AMUSEMENT NOTES.

"Ole Olson," best of Swedish dialect plays, has long enjoyed popularity and judged by its drawing power is likely to retain its vogue for many seasons. Its presentation here at the Myers Grand, on Saturday, March 22, matinee and night, by the popular comedian Ben Hendricks and a company of promised excellence, will enlist the attention of all theatre goers who enjoy a performance in which wholesome fun and entertainment are not marred by any questionable theme or objectionable feature. "Ole Olson" is one of the plays that gain favor by their homely qualities and simple truthfulness to nature. Mr. Hendricks has no rival in the line of Swedish dialect work and is withal an excellent actor. He has a special feature in the Swedish Ladies Quartette, whose sweet singing is everywhere rapturously received.

"When Reuben Comes to Town" pleased a large audience at the Myers Grand last night. It is a rollicking and swift show, but rather long which is owing somewhat to the great number of encores. The show carries a bunch of girls, the most shapely and good looking seen here this season and they all have good voices and dance like fairies. The man that took the part of "Reuben" did not exactly fill the bill and he will be replaced by another at the next stop made.

Thos. P. Kelley's big novelty show, the famous Lady Minstrels, made their initial appearance last night in and caught on with the audience from the start. As the name indicates, the show is a big novelty, and a relief to theatre-goers, as it contains all new and clever features. The costumes were stunning, the comedians unusually clever, while every feature on the bill is clean, refined and up to the minute. It is a very large, clever company and will no doubt have a record-breaking week.—Cleveland Plain-Dealer.

The show appears at the Myers Grand tomorrow night.

Manager Myers has made arrangements for the appearance of the Belmont Glee club to appear at the Grand on the evening of April 9.

## REPUBLICAN CITY CONVENTION

The Republican City Convention will be held at the Council Chamber in the City of Janesville, on Friday, March 21, at 2 o'clock p. m., to nominate candidates to be voted for at the ensuing municipal election, and to elect a City Committee.

Nominations are to be made for the following offices:

City Treasurer,  
City Attorney,  
School Commissioner at Large,  
Justice of the Peace.

The several wards will hold their caucuses on Thursday, March 20, 1902, and elect delegates to said convention as follows:

First ward, eight (8)  
Second ward, six (6)  
Third ward, ten (10)  
Fourth ward, seven (7)  
Fifth ward, three (3)

All caucuses will open at 7:30 o'clock p. m., and continue one hour, as provided by law.  
Dated March 8, 1902.  
F. H. KOEBLIN, Chm.  
A. C. JENKINS, Sec'y.

## WARD CAUCUSES.

**First Ward.**  
The First ward republican caucus for the nomination of ward candidates, as follows: An Alderman, Supervisor, and a Constable, and to elect eight (8) delegates to the City Convention, to be held for the purpose of electing delegates to be voted for at the ensuing City election, and for the transaction of such other business as may properly come before the caucus, will be held at the West Side Fire Station, in this city, on Thursday, March 20, 1902, beginning at 7:30 o'clock p. m., and continuing one hour, as provided by law.

**Second Ward.**  
The Second ward republican caucus for the nomination of ward candidates, as follows: An Alderman, Supervisor, and a Constable, and to elect six (6) delegates to the City Convention, to be held for the purpose of electing delegates to be voted for at the ensuing City election, and for the transaction of such other business as may properly come before the caucus, will be held at the East Side Fire Station, in this city, on Thursday, March 20, 1902, beginning at 7:30 p. m., and continuing one hour, as provided by law.

**Third Ward.**

State Senator W. G. Bissell of La-Crosse was a Janesville visitor yesterday.

## Eczema, Psoriasis, Salt Rheum, Tetters and Acne

Belong to that class of inflammatory and disfiguring skin eruptions that cause more genuine bodily discomfort and worry than all other known diseases. The impurities or sediments which collect in the system because of poor digestion, inactive kidneys and other organs of elimination are taken up by the blood, saturating the system with acid poisons and fluids that ooze out through the glands and pores of the skin, producing an insupportable itching and burning, and the yellow, watery discharge forms into crusts and sores or little brown and white scabs that drop off, leaving the skin tender and raw. The effect of the poison may cause the skin to crack and bleed, or give it a scaly, fishy appearance; again the eruptions may consist of innumerable blackheads and pimples or hard, red bumps upon the face. Purification of the blood is the only remedy for these vicious skin diseases. Washes and powders can only hide for a time the glaring blemishes. S. S. S. eradicates all poisonous accumulations, antidotes the Uric and other acids, and restores the blood to its wonted purity, and stimulates and revitalizes the sluggish organs, and the impurities pass off through the natural channels and relieve the skin. S. S. S. is the only guaranteed purely vegetable blood purifier. It contains no Arsenic, Potash or other harmful mineral.

Write us about your case and our physicians will advise without charge. We have a handsomely illustrated book on skin diseases, which will be sent free to all who wish it. **THE SWIFT SPECIFIC CO., Atlanta, Ga.**

## THE KINDERGARTEN.

The Gazette published yesterday, the report of the committee from the Board of Education, on Kindergarten. The committee received reports from 26 towns and cities in the state, where this department is in successful operation. A few of these reports were published, and all of them endorse the Kindergarten in the highest terms. In Sheboygan, with 23,000 population, 800 pupils are enrolled, and in Wausau, with 12,000 people, after four years' experience, 368 pupils are in attendance. Many of the reports say, give up the high school before the Kindergarten.

In discussing this question, it is well to remember that the state law fixes the age limit of school children at four years. The schools are obliged to take them if presented. They are too young to enter the grades, and there is no place for them outside the Kindergarten. There are in attendance today in the Janesville schools, 156 of these little people, under six years of age, and half the number are under five. As soon as spring comes, and the weather is warm, the number will be doubled. It is an ever perplexing question with the teacher, to know what to do with them. It is safe to say, that with a Kindergarten department, that from 800 to 1,000 children would be enrolled in a few years.

The question which interests taxpayers the most, and it is a very practical question, is that of the expense, and yet if the state recognizes the Kindergarten as a necessary equipment to education, and it does when it fixes the age limit, some provisions should be made to provide for it. Statistics show that these schools are largely patronized by poor people, whose children, many of them are obliged to leave school from the grades. They are entitled to every advantage. The Kindergarten is no longer an experiment, and does not belong to the fads which have crept into our educational system during the past decade. When properly conducted, it contributes to practical education.

The expense of establishing this class of schools in Janesville, need not be very heavy. The Jefferson and Grant buildings are not crowded and it is safe to assume that room can be found in some of the other buildings. This is a matter that the school board would be called on to decide. There is no disposition to be extravagant, and the report of the committee will be endorsed by public sentiment.

## A GOOD EXAMPLE.

The republican love feast in Milwaukee, which resulted in the nomination of Mayor Anson, by acclamation, is refreshing to say the least. The spirit manifested by the opposition indicates that the party will work together, and if it does, there is no reason why Mr. Anson should not be elected. It would be well for the party if the same conditions existed throughout the state, and while the contest will be vigorous in advance of the convention, there is every reason why harmony shall prevail as soon as successful candidates are nominated.

It is deplorable that the party is so much disturbed, and while the republicans of the state are confronted with conditions, and not theories, it is well to keep in mind the fact, that the party will outlive these conditions, and that the life of the party is of more vital importance, than the success of any individual member.

The republicans will place in nomination, at the head of the ticket either Governor La Follette, or Senator Whitehead. Both men have ardent supporters, and the policy and principles they represent, are endorsed by a divided constituency. But these gentlemen are both republicans and their following belongs to one political family. The following and their descendants, will comprise the republican party, long after the present campaign has passed into history. Whatever may be the outcome of the convention, or however animated may be discussion, when the convention adjourns, harmony should be the watchword, and the will of the majority respected.

Milwaukee has gone on record, and the example is a good one

## A NEW INDUSTRY.

The American mind is nothing if not fertile. While Congress is sweating over the Cuban tariff, and state legislatures are struggling with mergers and railway problems, a Chicago discoverer has been experimenting with bacteria. He has found by investigation, that the flavor of Havana tobacco is due to the germs and that these germs may be successfully cultivated in beef ten. So he has established a plant for the development of Havana bacteria and claims that Wisconsin or any other tobacco can be flavored with the rich Cuban flavor, so popular with smokers, by infecting the leaf with the germs.

In this age of discovery there is no telling what may happen next. If it is possible to grow Havana tobacco in Wisconsin, it will revolutionize the

trade, and the island of Cuba will no longer be dreaded as a competitor.

## THE CAUCUSES.

The Republican caucuses for placing in nomination ward officers, and electing delegates to the city convention, will be held tomorrow night. They should be attended by every republican voter in the city, and there should be a scarcity of democrats. In some of the wards last year, the democrats turned out en masse to assist in nominating republican candidates. The Gazette will take the responsibility of saying that their kind offices are not appreciated. No self-respecting democrat aspires to take part in a republican caucus. They have trouble enough of their own. If good men are nominated for the various offices, there is no reason why they should not be elected.

Turn out to the primaries, and take on some of the responsibilities of citizenship. The man who stays away from the caucus has no right to kick at anything that happens.

There is no demand for early congressional conventions, outside the candidates themselves. While it may be comforting to these gentlemen to shirk the responsibilities of citizenship, after securing popular suffrage, there is no reason why they should be permitted to do so. The lines are drawn in the state so far as the party is concerned, and congressmen will do well to get off the fence.

The convention of Club Women in session here yesterday, was a representative body of women. They discussed many practical topics, showing that the object of the organization is for the uplift of womanhood. As such, it is entitled to every encouragement. Representative women were in attendance from the third district.

The matter of the cement post factory will be discussed at the municipal court room this evening. Every business man who is interested in the prosperity of the city, should be present.

The storm in Wisconsin was a blizzard in Dakota, and a snow blockade in Minnesota. It is usually safe to bank on six weeks of winter in March.

Senator Spooner is sound on the ship subsidy question. He comes from a section of the country that does not endorse gift enterprises.

Two democrats were arrested in Milwaukee for illegal caucus voting. If convicted they should be fined to the limit.

Wireless telegraphy will be adopted by lake steamers. It will prove valuable and should be of great service.

The Knights of Pithias, 20,000 strong, are in Chicago this week. Wisconsin leads the delegation.

The ground hog has redeemed his reputation during the last few days.

Prince Henry is home again. Long live the Prince.

## PRESS COMMENT

Racine Journal: John M. Whitehead is to the fore all right. It's going to be Whitehead for governor and Spooner for the senate, sure thing.

Green Bay Gazette: The ground hog was thoroughly discredited for a time but since Sunday his reputation as a reliable and conscientious weather prophet has been fully re-established.

Milwaukee Journal: The railroad men's position that they want to see good men nominated on both tickets so that whichever wins, there are good men in office, is the patriotic and right position for all citizens to take.

Watertown Times: The Milwaukee Journal should be happy these days. E. C. Wall has been appointed a member of the democratic congressional committee. Mr. Wall formerly was a member of the national democratic committee from Wisconsin.

Fonds du Lac Reporter: Wisconsin is receiving some valuable advertising these days because of the discovery of gold in the carcasses of dead animals. The Minneapolis Times helps it along in the following: "A Wisconsin steer was killed the other day and one of its teeth was found to be encrusted with gold. This beats the familiar poultry story." It is possible that the steer was a family pet, and had his teeth crowned by a dentist.

Alma Center News: Senator Mc Gillivray's political life written by a master hand—not as the Journal would write it, nor as the News editor is capable of writing—would be interesting reading. The story of how right down in the bottom of his heart his sympathies are with the Stewarts, while verbally he supports La Follette—because he thinks it is the hand wagon; how he has always helped out friends politically—where it would be to his own interest and how at one time he got his nomination. There are many little instances like these which, as we said before, a master hand at the art of writing could make some mighty interesting reading.

## The Precident.

The pace was set for the Republican party back in the days of Governor Scofield. When he was up for renomination a large element of the party asserted the right to favor an-

other candidate. They did everything in their power for his success. Time has come around again to assert a preference, and tens of thousands of republicans are found who prefer John M. Whitehead to Robert M. La Follette for governor. Why should they not be permitted to assert their God-given privilege, so pointedly established by precedent? Bitterness should be put away and everybody be given freedom to exercise his prerogative. Then let the will of the majority prevail. A second term is given to a man only by common consent; when for any cause that consent is divided it is a party right to bring into the field new leaders. John M. Whitehead is put forward by all who think he would make a better governor than the present incumbent. It is neither a crime nor disloyalty to prefer him to a man who has been tried and found wanting.—Hudson Star-Times.

## The Early Bird.

Mr. Babcock's papers in the Third District call on every voter who has a drop of rich, red blood to get out to the caucuses for him. One says, "That the steel trust will use every means within its power to defeat Mr. Babcock, we do not doubt. Threats have been made by its agents that, if money would prevent it, he would not hold his seat in the fifty-eighth Congress." All this will quietly amuse Washington. But Mr. Babcock has certainly done a good work. He has made the tariff something that Republicans may talk about if they will. For instance, the same paper says, "The question of revising the tariff on articles which have outgrown protection, the manufacture of which by combinations of capital, have become oppressive to the people of the country, presents an issue to the American people which will not down.—Madison Journal.

## Never Stop.

It is a great mistake to conclude you can get along without advertising. The man who decides to dispense with advertising should naturally expect his business to grow less and less. The whole matter rests on the subject of whether he expects to continue to live long enough to outlive the prosperity which his past exertion may force upon him. It is able to get along without advertising this year he will be able to get along with less help next year and each year will see a decrease in the volume of his transactions. If he is wise he will keep up his advertising as strongly as possible in order that he may reap in the end the results which come as a satisfaction to the man who has individually enough to stop experimenting.—Advertising World.

## Keep After Them.

Don't wait for people to ask you if you sell a certain line of goods. Keep them posted on what you do sell and tell them how carefully you handle every order and how anxious you will be to consider every need. In this way you will prepare them for your business and not merely wait for the future in preparing your business for them.

Don't expect large returns from a small investment of brain even though you have put in a great deal of cash. The man who puts both cash and brains into his advertising space will win out every time.—Advertising World.

## Animal Instinct.

The N. Y. Journal of Feb. 23, tells a pathetic story of a foxhound that was sent in a baggage car about J. H. S. to F. J. Schmidt, of Great Falls, Montana, by his brother in Winona, Minn. The dog was much attached to a little son of the Minnesota man, and when it reached Great Falls it "dined and refused to eat." Finally it disappeared. About Feb. 20 the "merest shadow of a dog" arrived at his old home in Minnesota, guided through the snows of winter over a strange country, by a power no one can understand.—Animal Defender.

## Business and Gratitude.

"We wish to thank those who helped out during the illness of our departed husband and father and gave a hand at the funeral. We expect to sell off the stock, farm and machinery and household goods and move back to Missouri. Everything'll go dirt cheap for cash, date of sale to be printed later. Oh, why should the spirit of mortal be proud? Pence to his ashes. A free lunch will be served at the sale.—Exchange.

Judged Clydesdale Horses  
The students from the university

who were here yesterday and went to Orfordville yesterday forenoon, returned last evening and this morning drove to the farm of Meloy Bros., eight miles east, in the town of Johnson, where they judged Clydesdale horses and Shorthorn cattle. This afternoon the students go up to Fox Lake, where they judge stock on the Warren Starke farm.

## AN INDUSTRIAL EDITION

P. J. Galvin Will Issue Illustrated Work in Near Future

An Industrial Edition devoted to an exhibit of the various interests and resources of the city, and to rendering and extending its fields of business opportunities is being compiled by Mr. P. J. Galvin.

The publication will contain a general description of all that makes up the city of Janesville and will be finely illustrated. Mr. Galvin has issued several fine editions in the state of this nature and Janesville business men should take an interest in making a showing in this issue that will be a credit to themselves and to the city. 5,000 copies will be distributed and cannot help but bring the city of Janesville and Janesville merchants to the notice of many people throughout the country who may desire to change their location if they can be shown a good reason for so doing.

## In the Municipal Court

In the municipal court this morning the case of C. B. Hilton vs. Elmer Spafford which was an action brought for pay for carpenter work done about six years ago. Judgment was rendered in favor of the plaintiff for \$21 and costs. The case was appealed from a justice court. S. D. Tallman appeared for the plaintiff and John Cunningham for the defendant.

In the case of E. B. Hilton against Frank Ellis, garnishee of Elmer A. Spafford, judgment was rendered in favor of the defendant for costs. Defendant proved his exemption. The case was appealed from the justice court.

## Was Granted a Divorce

In the circuit court today Judge Dunwiddle granted a divorce to Chas. D. Barnard. The plaintiff was ordered to pay the defendant \$150 in full settlement and for a permanent alimony. The parties to the action were from Evansville.

Linda C. Howard, divorced wife of William H. Howard, was granted permission to re-marry. The divorce was granted her about six weeks ago.

## JANESVILLE BUSINESS COLLEGE.

Jackman Building. Phone 777

Nasal Catarrh, quickly yields to treatment by Ely's Cream Balm, which is agreeably aromatic. It is received through the nostrils, cleanses and heals the whole surface over which it diffuses itself. Druggists sell the 50c, 10c, and 5c sizes by mail, 10 cents. Test it and you are sure to continue the treatment.

## Announcement.

To accommodate those who are partial to the use of atomizers in applying liquids into the nasal passages for catarrhal troubles, the proprietors prepare Cream Balm in liquid form, which will be known as Ely's Liquid Cream Balm. Price including the spraying tube is 75 cents. Druggists or by mail. The liquid form embodies the medicinal properties of the solid preparation.

## GOOD HEALTH.

PASTEURIZATION OF MILK is ABSOLUTELY NECESSARY

Excellent Work Being Carried on by the Bower City Milk and Cream Co.

During the past week many persons have paid a visit to the plant now in operation by the Bower City Milk and Cream Company on South River street. The pasteurizing process is a simple and yet a most skillful one carried out by the very latest machinery methods. The milk is first treated in a mammoth sanitary tank heated up to 150 degrees at which temperature it is held for thirty minutes to kill all bacteria that causes milk to sour as well as all disease germs. The cooling process then takes place and after this comes the bottling. After this pasteurizing process milk and cream will keep for many days.

## JANESVILLE FOLKS WED AT ROCKFORD

Miss Nettie E. Harrington and W. F. McCaughey United at High Noon Today.

At high noon today at the First Congregational church parsonage at Rockford the ceremony was performed that united Miss Nettie E. Harrington, youngest daughter of Mrs. Mary Harrington of this city, and W. F. McCaughey, district manager of the Northwestern Mutual Life Insurance Company as man and wife.

The bridal party left here this morning at 9:35 for Rockford and consisted of the bride and groom, Mrs. Mary Harrington and Miss Amelia Harrington, mother and sister of the bride, Mr. and Mrs. Z. M. Chandler of Beloit and Miss Genevieve Rich of this city. After the ceremony the happy couple took the train for Chicago and from there they will go east for a two weeks' tour and will then return and take up their residence in this city.

The bride is the youngest daughter of Mrs. Mary Harrington, and for a number of years has been connected with the Rock River Cotton company and was one of the officers of that institution. She has a large circle of acquaintances and friends and is liked by all who know her.

She is an active member of the First Congregational church of this city and a member of the church societies. She was state superintendent of the Junior Christian Endeavor societies in Wisconsin for three years and held this responsible position until compelled to resign on account of her other duties. She is at present superintendent of the Junior Missionary society. The earnest Christian effort she has put into this work, aided by her sunny, loving disposition, not only prospered the societies in her charge, but made her many friends throughout the state. She was one of the first to be interested in the local union in this city.

The groom is the district manager for the Northwestern Mutual Life Insurance company in this territory and is a sterling young business man who during his residence in this city has made a host of friends. He is a member of the Y. M. C. A. and at one time was actively engaged in the work of the association. The many friends of the young couple extend their hearty congratulations and best wishes for a happy married life.

## JOHN CUNNINGHAM IS A CANDIDATE

The Well Known Lawyer Wants the Republican Nomination for City Attorney.

Mr. John Cunningham has announced himself as a candidate for the office of city attorney at the hands of the republican party at the coming city convention. Mr. Cunningham, is a good lawyer, careful, conservative and sound. His nomination and election to this office would mean a great saving to the tax payers of this city. He is abundantly able to take charge of any litigation the city may have on its hands and bring it to a successful termination.

The republicans of the city can make no better choice for this important office. He has friends without number in this city and would make a wonderfully strong fight for the office would undoubtedly be elected. This office is one that demands a man of Mr. Cunningham's ability and he should be nominated for the office.

**Madison Vs. Janesville**  
The return bowling match between the Madison and Janesville bowling teams will take place this evening at Hockett's alleys on North Main street. The match will be started at eight o'clock and will be three games, the total number of pins to count. The Janesville team was defeated a week ago at Madison by a team from that city by 242 pins. The home team feels confident that they will be able to win out in their own alleys but expect a hard fight. Janesville will be represented this evening by Thomas Nolan, Harry Biber, Jas. Gibson, Rob Hockett, Horace Rice and R. Tuttle.

**Lieut. Herrick on Way Home**  
Lieutenant Harry E. Herrick, who has been a member of the First U. S. Cavalry, stationed near Manila, in the Philippines, for the past two years was in town this morning on his way home. Lieut. Herrick has served three years in the regular army and is on his way home to Neenah, where his parents reside. He served his full time in the army and is now ready to become a civilian. He served under General Otis and was attached to the musicians' corps. Lieut. Herrick thinks that the U. S. government should send about 10,000 American Indians in the Philippines, turn them loose and tell them to clean out the fighting Filipinos and the war would end in short order.

**IMPORTANT**  
**Business Men's Meeting**  
The Business Men are requested to meet at the Municipal court room at 7:30 tonight to hear the report of committee on Cement Post Industry. A full attendance is desired.  
L. B. CARLE, Pres.

**Those Insurance Rates**  
There seems to be a difference in opinion regarding the rates on local leaf tobacco warehouses and their contents. A member of the local board of insurance men states that many of the old companies are writing policies at the old rates, while others are talking of enforcing the new rates. It is expected that the new rates will go into effect generally within a short time.

**AT MRS. WOODSTOCKS' STORE**  
After today Mrs. Emma Minor will be with Mrs. M. E. Woodstock at her West Milwaukee street millinery establishment. Mrs. Minor has rented the flat over Mrs. Woodstock's where she will make her home in the future.

Joseph Belfield & Co.'s make of goods need no introduction in this city. At Bort, Bailey & Co.'s store tomorrow, the special sale of this special line closes.

Tomorrow is your last opportunity to take advantage of the special sale on Joseph Belfield & Co. display of cloaks, suits, skirts and capes at Bort, Bailey & Co.'s dry goods store.

Mrs. Cornelia H. Tallman entertained a large party of ladies at her home, 212 North Jackson street Monday evening at a six o'clock tea. The evening was pleasantly spent in playing cards and social conversation. About fifty ladies were present at the gathering.

Yesterday Alex. Galbraith received a telegram from his son Graham Galbraith, at Baltimore, announcing the safe arrival of 18 head of clydesdale horses, after a long and bold voyage of nineteen days. It is expected that the horses will reach this city about Saturday next.

At the Easter sale to be held in the parlors of the Presbyterian church on Saturday will be found stock and embroidered collars, handkerchiefs, mount mellick embroidery, aprons, dollies, etc. Sale opens at 2 p. m. Dinner by the Pure Food Co., of Chicago, at 5:30, 25 cents.

Marriage licenses were issued today to C. D. Satterfield and Emma Weedman, both of Beloit; Anthony F. Wright and Nellie Cummings, both of Rock Prairie; Fred Peach of Porter and Halley A. Fessenden, of Rock; Charles Walker and Jennie Pope, both of Evansville.

Last evening a very pleasant little social affair occurred at the suburban home of Charles F. Randall, 56 Ruger avenue. Mr. and Mrs. Wm. Luck chartered a party of young ladies who spent a very pleasant evening at the home of Mr. Randall. Cards were indulged in and elaborate refreshments served. Charley is a prince of good fellows when he is entertaining young ladies.

The smoker to be given by the Shinnepi Golf club for the entertainment of the members of the Golf minstrel company, has been postponed until Thursday evening, March 27.

A young man in the gallery at the Myers Grand made himself obnoxious last night by dropping marbles and other things on the heads of the audience below. Chief Hogan made short work of him.

## MONUMENT READY FOR ACCEPTANCE

Figure of the Soldier Which Tops the Shaft, Placed in Position This Morning.

The Rock County Soldiers' Memorial monument is now complete. The figure of the soldier which tops the shaft was placed in position this morning at 11:35 and the monument is now ready for acceptance at the hands of the memorial committee. The erection of the monument was quite an undertaking but it has been carried on to completion without a hitch. Some of the parts of the structure weighed as high as thirty-three tons and were not easy to handle.

Ten thousand dollars was appropriated by the county board for this monument after the question had been put to the vote of the people and carried. The contract was awarded to A. S. Jackson of Beloit and called for a monument of the best Barre granite to be placed in position last fall, but on account of delay at the quarry the time was extended until this spring.

The ceremony of laying the corner stone was performed last October. The monument from the foundation to the top of the soldier is 56 feet two inches.

The first base stone is fourteen feet square by two in thickness. The second and ten feet square by one and one-half in thickness, the third eight feet square and two feet thick. The die is six feet square at the base and tapers to five feet and eleven inches at the top and is five feet high. The cap on the die is seven feet four by three feet thick. The plinth is four feet eight inches square by one and a half feet high. Then comes the shaft, four feet square at the base and tapering to 3 feet 6 inches at the top and twenty-seven feet high. Next comes the caps, the first three feet ten inches square by one foot thick. The next cap is four feet ten inches square by two feet thick. On top of these comes the plinth, two feet ten inches square by two feet thick. On top of these comes the carved figure of the soldier standing at rest, eight feet, six inches high.

On the face of the die facing Main street in raised letters are the words, "Rock County, 1901. Dedicated to the Memory of the Soldiers and Sailors of the War of the Rebellion. 1861 to 1865."

It is a handsome monument and a credit to the county. The committee that have the matter in hand are J. L. Bear, president, Janesville; W. J. McIntyre, secretary, Janesville; Simon Smith, Beloit; J. W. Morgan, Evansville; C. E. Lee, Evansville; S. Conant, Beloit; W. A. Mayhew, Clinton; W. H. Dixon, Edgerton; W. P. Clarke, Milton.

Three sets of boilers for the power station are being placed and the foundation is being laid for the mammoth engine.

The smoke stack is up 120 feet. The masons found the top of it a pretty breezy place today and knocked off work until the weather moderated a bit. There is forty feet yet to build.

An official of the company at Beloit today said that the bridge over Turtle creek would very probably be completed by the end of this week. The structure is a handsome one, consisting of a single span 140 feet in length.

It was intended to commence the demolition of the old Illinois house today but the cold snap interfered. Just as soon as possible, however, the old building will be razed to the ground and the place occupied by a Y switch track.—Beloit Free Press.

**NEWS OF RAILROADS**  
Will Rippe, of New Albin, a brakeman on the Chicago, Milwaukee & St. Paul road, was saved from certain death by his watch. The conductor, fireman and Rippe used a coal pick as a lever to loosen a tight brake, and when the brake loosened the former two lost their hold, jumping out of the way. Rippe was not so fortunate, and the iron bar flew around cutting a deep gash in his side. He carries his watch in a peculiarly large leather case, and this stopped the blow, else the bar would have gone through him.

Railroads are considering a proposition from J. W. Midelev for the formation of an association to inaugurate and maintain a per diem basis for the use of freight cars.

The plan includes a clearing house for the settlement of monthly balances growing out of the interchange of freight cars between members. Mr. Midelev claims this plan would effect a saving of \$200,000,000 yearly.

**Got Good Calling Down**  
Two well-known young men of the city received a proper calling down from Landlord Johnson of the Myers at an early hour this morning. The young men were not guests of the hotel and evidently had some friends among the female members of the "When Reuben Came to Town" company. Landlord Johnson found them wandering about the house trying the doors to different rooms and made no bones of telling them what he thought of them. It is safe to say that they will not bother Mr. Johnson again.

**In Justice Court**  
In Justice Earle's court this afternoon the case of John H. Myers vs. Mrs. Thomas Leech was decided in favor of the plaintiff. Mr. Myers sought a real possession of certain rooms in the Young American block which Mrs. Leech had used as living rooms for over twenty years. Mrs. Leech had been paying a certain rent for several years and objected to a raise in the rent, which Mr. Myers demanded.

In Justice Reeder's court this morning the case of C. Remonts' Sons vs. F. A. Taylor was adjourned to April 2.

The state High school inspectors from the office of State Superintendent Harvey were in the city today and inspected the work at the high school. The inspectors were W. D. Parker, F. M. Jack and A. A. Thompson. They were much pleased with the work at the Janesville High school.

## NEWS OF A PERSONAL NATURE

Charles Waite of Afton visited in this city today.

H. L. Skavlen is down from Lake Koshkonong.

Wm. McEwan of Milton Junction, was here today on business.

M. L. Dunn of Madison called on friends in this city yesterday.

C. E. Cummings of Evansville was in the city today on business.

Charles M. Dow of Madison was a visitor to this city last evening.

Mr. and Mrs. M. B. Downing of Milton were in town this morning.

Mr. and Mrs. H. N. Wagley of Oshkosh, transacted business in town today.

Joseph Burns is home from Watertown where he is attending Sacred Heart College.

Under Sheriff Wallace Cochran transacted business in Evansville yesterday.

H. C. Pease of Edgerton called on the local leaf tobacco dealers yesterday.

C. O. Barnard and R. E. Smith of Evansville visited in this city last evening.

O. N. Gage and J. J. Hogan of Beloit were in the city last evening and attended the theater.

Charles H. McCarthy and John Campbell went to Monroe this morning to work on the armory in that city.

Miss Carrie B. Baldwin went to Chicago this morning to hear Paderewski at the Auditorium this afternoon.

Mrs. J. C. Chadwick of Monroe was the guest of Mr. and Mrs. Theodore W. Goldin during the Federated clubs' meeting.

Prof. Warren D. Parker of Black River Falls, formerly superintendent of public schools in this city was here last night on business.

The Sentinel this morning contains a picture of Rev. Robert C. Denison, of this city, who will be one of the judges at the state normal school contest to be held at West Superior.

T. F. Wortendyke left on the noon train yesterday for Philadelphia, where he will attend the annual meeting of superintendents of Gas Companies' association. He will be absent several days.

District Attorney W. A. Jackson was in Beloit today to attend the examination of Mrs. Paul Sadewater of Rockford charged with adultery and Ed. Bauer arrested for abandoning his family.

Mr. Eugene C. Keesler, who has been visiting J. C. Kline since Saturday left on the 12:45 train for Marietta, his home. Mr. Keesler was the first physical director of the local Y. M. C. A. He had a pleasant visit renewing old acquaintanceships.

## THE BUSINESS MEN WILL MEET TONIGHT

Proposition of the Cement Post Manufacturing Company Will Be Considered.

There will be a special meeting of the Business Men's association at the municipal court room this evening at 7:30 o'clock and every member of the association, as well as every public spirited citizen is urged to be present.

The committee having in charge the matter of looking up the standing of the Cement Post Co. will make their report and other important business will come up for action.

The committee will probably report favorably on the Cement Post Co. and it is hoped that an effort will be made to have them locate in this city.

### POLICE WONT INTERFERE

Female Minstrel Show Will Take Place As Scheduled

The report about town today that the police would not allow the female minstrel show to appear at the Myers Grand tomorrow night, seems to be a false rumor circulated in order to injure the performance. Manager Myers stated today that he knew of no such steps being taken by the local officers.

### CITY NEWS IN BRIEF

Fancy brisket pork, 10c lb. W. W. Nash.  
Cheap sauce, and a change, California figs, 5c lb. W. W. Nash.

Balston health foods, oats, wheat, panake flour and whole wheat flour, W. W. Nash.

Jabez Isaac left yesterday for Shelby, where he has accepted a position in the Shelbygan Box Factory and Millinery.

Friday and Saturday at Bort, Bailey & Co., dress goods remnants will be sold at one half price.

Wax beans, spinach greens, lunch meats, big bunches round radishes, green onions, head lettuce, leaf lettuce, parsley, celery, sweet potatoes, Grubb.

The meetings of the Salvation Army will be resumed again Saturday of this week. They have been discontinued for a few days past on account of sickness.

Mrs. John Fuller Sweeney and daughter, Miss Blanche, and Mrs. J. F. Pember, left this morning for Chicago where they will tomorrow join the National Hotel Keepers' association excursion through the South and Florida. Mr. Sweeney and Dr. Pember will go down to Chicago tonight or tomorrow morning. Dr. Pember's departure was delayed by his being summoned to Eau Claire on a lawsuit against the Northwestern railroad.

Charles M. Clark, a prominent Walworth county stock farmer, is a visitor to the city today.

The subject of the Thursday evening meeting of the Congregational church will be The Holy Spirit. What the New Testament and Modern Thought Mean by the Holy Spirit and His Power in Life.

## LATE TELEGRAPHIC NEWS

OLEO BILL GIVEN  
RIGHT OF WAY

Placed First on Senate Program After Presidential Protection Measure.

MR. HEPBURN TALKS OF "PORK"

Scores the Rivers and Harbors Measure in Severe Terms, Although Admitting That It Contains Some Good Features—Thirty-nine Private Pension Bills.

Washington, March 19.—A meeting of the senate steering committee was held for the purpose of arranging a program for the remainder of the session so far as this can be done at the present time. It was decided to give the oleomargarine bill the right of way after the pending measure for the protection of the presidents shall be disposed of and to follow that with the Chinese exclusion bill.

No provision has been made yet for the consideration of the Nicaragua Canal bill and none will be made until the minority report favoring the Panama route has been presented to the senate.

Notwithstanding that the sentiment of both the senate and house is largely in favor of passing a canal bill at this session it is not at all certain that this will be accomplished in view of the strong influences which have been brought to bear in favor of the Panama route as against the bill passed by the house and reported favorably by the senate committee providing for the adoption of the Nicaragua route.

The house bill abolishing the internal revenue war taxes will be reported from the finance committee within a few days, when a place will be made for it on the senate program. The Republicans are especially desirous of avoiding any general tariff debate and the Democrats are practically unanimous in agreeing to allow the bill to pass, providing, as it does, for the abolishment of all the war taxes, without amendment and without debate. There will be some amendments to the bill, of course, but only such as are necessary to correct errors of phraseology and discrepancies that crept into the measure inadvertently as it was passed by the house. No amendment affecting in a general way the terms of the bill will be accepted.

Subsidy Bill Doomed.

Washington, March 19.—Careful investigation among certain leaders of the house and senate leads to the conclusion that the ship subsidy bill cannot be passed through the house at this session of congress at least. The influence in the house of the action of the six Republican senators who failed to vote for the bill has been immediate and important. Individual members from Illinois, Wisconsin, Iowa, Michigan and Indiana were all sounded as to the situation. They say there is a large contingent, especially in the Mississippi valley, which is opposed to the bill, anyway. Besides that there are quite a number of other Republicans who would be inclined to vote for the bill on general principles, on the theory that it is a quasi-party measure.

Senate and House.

Washington, March 19.—For three hours the bill providing for the protection of the President of the United States and for the punishment by United States courts of those who commit assaults upon him was under consideration in the senate. Mr. Bacon opposed the bill and Mr. Hoar and Mr. Mason supported it. Mr. Bacon's argument followed the lines of his speech delivered eleven days ago. Mr. Hoar's speech was largely legal and constitutional. He maintained the right of the government to protect itself against assaults upon its sovereignty through the President.

Mr. Mason made an attack upon anarchy and its methods, and incidentally sharply criticized an amendment to the bill offered by Mr. Bacon. He denounced it as opening the door to special pleading for the benefit of assassins of the President. This drew Mr. Bacon's fire. He considered Mr. Mason's criticism a personal reflection on himself and resented it with heat. An explanation by the Illinois senator cleared the atmosphere. The Bacon amendment provided the penalty of death for an assassin of a President if the assassin on the President were committed "because of his official position or for the purpose of destroying the government or impairing the exercise of its constitutional powers."

Earlier in the day a lively debate was precipitated by the effort of Mr. Rawlins to have printed as a document some Philippine correspondence. Eventually the matter was ordered printed as requested. It consisted of a collection of private letters exchanged between unnamed persons in this country and prominent Filipinos in which were discussed the political relations of the United States and the Philippine Islands. Two veto messages from the President were laid before the body and ordered printed. The first was a veto of an act to grant an honorable discharge from the military service of Charles H. Hawley and the

other was a veto of an act for the relief of James W. Howell.

Thirty-nine private pension bills were passed; the calendar being cleared. An executive session preceded adjournment.

The general debate on the rivers and harbors bill in the house was continued by Mr. Hepburn (Iowa), who made his annual onslaught on the measure. Contrary to his usual custom, he found several things in the measure to commend, although some of his criticisms on what he called the "pork" in the bill were quite severe. The other speakers were Messrs. Ball (Texas), and Lawrence (Mass.), both members of the committee, and Messrs. White (Ky.), Thompson (Ark.) and Burnett (Ark.), who spoke in favor of improvements of interests to their districts.

It was agreed that general debate on the bill should close yesterday at 3 o'clock. Saturday, April 26, was set aside for memorial speeches on Representative Stokes of South Carolina and Representative Crump of Michigan.

Frank B. Lyon of Cuba, N. Y., was elected doorkeeper, to succeed the late W. J. Glenn.

Says Filipinos Need Protection.

Washington, March 19.—Major General Otis again appeared before the Senate committee on the Philippines. As to the capacity of the Filipinos for self-government he said that Aguinaldo's former secretary of state had told him that it would take 100 years to accomplish this. General Otis said that the Filipinos were not capable of self-government. The Filipinos, he said, understand that they must have protection, because without it other nations would divide up the islands, but they were desirous of making the best possible terms they could with the United States. Their idea was to have control of the internal affairs of the islands, but protection outside.

May Offer Place to Garfield.

Washington, March 19.—It is understood that the President has about decided to tender the civil service commissionership made vacant by the resignation of W. A. Rodenburg to Harry A. Garfield of Cleveland, a son of President Garfield. There is some doubt, however, as to whether he will accept the office. He has taken an interest in civil service reform for some years, more especially in connection with improvement of municipal government and the consular service.

Builds up the system, puts pure, rich blood in the veins; makes men and women strong and healthy—Burdock Blood Bitters. At any drug store.

"I suffered for months from sore throat. Electric Oil cured me in twenty-four hours." M. S. Gist, Lawrence, Ky.

No matter how long you have had the cough; if it hasn't already developed into consumption Dr. Wood's Norway Pine Syrup will cure it.

Years of suffering relieved in a night. Itching piles yield at once to the curative properties of Doan's Ointment. Never fails. At any drug store, 50 cents.

Children Saved from Fire.

Jackson, Miss., March 19.—The state institution for deaf mutes, situated in the residence portion of this city, was burned, but not one of the 110 children was injured. When flames were discovered on the roof of a wooden wing to the building Superintendent Dobbin and his corps of teachers got the children in line and marched them out on the lawn before many of them realized what was the matter. The destruction of the institution was almost complete.

\$50,000 Blaze at Chicago.

Chicago, Ill., March 19.—Flames damaged the Irwin building and contents, 355-61 Wabash avenue to the extent of \$50,000. The fire started shortly before 8 o'clock, when but few of the occupants of the building had arrived for the day's work. Had it occurred a half-hour later there would have been 150 women on the top floor and undoubtedly fatalities would have resulted.

Indicted Man Fails to Appear.

St. Louis, March 19.—When the case of John K. Murrell, a member of the house of delegates indicted for bribery in connection with the Suburban franchise deal, was called in the Circuit court the defendant failed to appear and his bond of \$5,000 was declared forfeited.

New York Rates Raised.

London, March 19.—The Mysore (British India) Gold Mining company has declared a dividend of 130 percent. The profits for the past twelve months were £274,361.

Deafness Cannot Be Cured

by local application, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflammation of the mucous lining of the Eustachian Tube. When the tube gets inflamed you have a running ear or imperfect hearing, and when it is entirely closed deafness is the result, and unless the inflammation can be taken out of the tube restored to its normal condition, hearing will be destroyed forever; also cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surface.

We will give One Hundred Dollars for any case of Deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars, free.

RAILWAY FIGHT  
IN FEDERAL COURT

Action to Be Taken Against Pools at Kansas City Today.

EIGHT ROADS ARE INVOLVED

Special United States Attorney W. A. Day Will Ask for Injunctions Alleging That the Interstate Commerce Law Has Been Grossly Violated.

Chicago, March 19.—Injunction proceedings will be started in Kansas City today by Attorney William A. Day of the Interstate commerce commission against the following railroads operating between Kansas City, St. Louis and Chicago: Atchafalaya, Topeka & Santa Fe; Chicago, Rock Island & Pacific; Missouri Pacific; Wabash railroad; Chicago, Burlington & Quincy; Chicago Great Western; Chicago & Alton; Chicago, Milwaukee & St. Paul. Each one of these roads was furnished with the following notice and a copy of the bill to be filed with Judge Phillips of the United States circuit court at Kansas City today:

"You will please take notice that on Wednesday, March 19, 1902, the undersigned, acting on behalf of the United States of America, will apply to the above named court or to one of the judges thereof, at Kansas City, Mo., for a temporary injunction or restraining order to restrain your railroad company, its officers, agents and servants, from departing from its published rates, and from unjustly discriminating in said rates by paying rebates, or otherwise, in respect to interstate traffic transported by said company, when and where you may appear and resist said application if you shall desire so to do.

W. A. DAY.

"Special United States Attorney."

The bill to be filed this morning sets forth that about March 15 the interstate commerce commission requested the United States attorney general to begin proceedings either by injunction or by some other method to prevent the Chicago-Kansas City railroads from violating the "act to regulate commerce."

After setting forth that the accused roads are common carriers and are subject to the provisions of the interstate commerce act, the bill recites that they have made schedules of 25¢ cents a hundred pounds on packing house products from Kansas City to Chicago, this being until Jan. 1 the only lawful rate.

Then it is declared that the railways involved secretly made a rate of 18¢ cents, with corresponding reductions through to New York, and through unlawful combinations received large quantities of packing house products, later rebating to certain shippers the difference between the secret and the published rate.

Then the bill sets forth the facts disclosed at the recent investigation before the interstate commission in this city.

Attorney Day had another conference with District Attorney Bethea yesterday morning and at noon left for Kansas City to file the bill and secure a temporary injunction.

The general counsels and general solicitors of a number of the roads held a conference in the afternoon to agree on some course of action. It was learned that Judge Phillips is at Jefferson City, Mo., and will probably not be able to go to Kansas City today. As the attorneys of some of the roads cannot well go to Jefferson City on such short notice it was agreed that Attorney Day should be requested to delay action for a day or two so as to afford the railroad attorneys a chance to study the matter and make their arguments at Kansas City.

BEST FOR THE  
BOWELS

If you haven't a regular, healthy movement of the bowels every day, you will be sure to feel better, and the health of your bowels open, and the well-being of the whole body will be improved. The most perfect way of keeping the bowels clear and clean is to take

A Miraculous  
Feat.

"It seemed that nothing short of a miracle could save my little daughter from an untimely death," says City Marshall A. H. Malcolm, of Cherokee, Kan. "When two years old she was taken with stomach and bowel trouble and despite the efforts of the best physicians we could procure, she grew gradually worse and was pronounced incurable. A friend advised

Dr. Miles' Nervine

and after giving it a few days she began to improve and finally fully recovered. She is now past five years of age and the very picture of health."

Sold by all Druggists.

## NEWS OF THE COUNTY

**MAGNOLIA.**  
Magnolia, March 18.—Mr. and Mrs. Fred Wood are the proud parents of a baby boy.  
The Calville school closed Friday for a two weeks' vacation.  
A number of the M. W. of A. of Evansville visited our camp on last Saturday evening.  
Miss Jessie Townsend is spending her spring vacation at home this week.

Mrs. Clyde McCoy and daughter Shirley spent a couple of days in Evansville last week.  
There will be no preaching in the M. E. church the two following Sundays on account of the revival meetings at Evansville.  
Floyd Cain of Syene spent several days with his parents last week.  
The Misses Minnie Edwards and Cora Bishop attended teachers' examination at Evansville on Friday and Saturday.  
Mr. Horace Fraser and Mr. Ariel Worthing took a trip to Chippewa Falls last week.

**SHOPIERE.**  
Shopiere, March 17.—We are glad to hear that Mr. Humphrey is slowly improving.

Miss Bertha Proctor visited friends in this place Friday.  
Uncle Dave and Miss Louise Van-Kuren visited their parents for a few days.

B. H. Sweet and C. A. Brown are running the buzz saw at D. Q. Stark's. Master Wallace Uehling is improving in health.  
Jerome Shimeall has gone to Antigo on a business trip.

We hear that Mrs. Theodore Walters and little daughter expect to locate here.

We expect to have a dance in the near future—perhaps?

Jim Haggart's pacer is on exhibition.

Mrs. Hattie Buck, of Chicago, is spending some time with her aunt, Mrs. Humphrey.

**BRODHEAD.**  
Brodhead, March 18.—Miss Carrie Harwood, of Lodi, is the guest of the Misses Spaulding.

Mr. Arthur Schemp, who has typhoid pneumonia, remains about the same.

Miss Jessie Roantree, of Monroe, spent from Friday to Monday with Brodhead friends.

Mr. J. G. Barber spent last week in Elgin, with Mr. and Mrs. L. W. Sprague.

Miss Bonnie Woodie, of Monroe, spent last week with the family of her uncle, Mr. W. R. Skinner.

Mrs. Kenyon, of Whitewater, who has been spending a couple of months with her sister, Mrs. W. L. Stephenson, took her departure on Saturday, east.

Miss Flora Taylor left on Wednesday morning for Chicago, after a few days' visit there she will go to Mason City, Ill., to be the guest for some weeks, of Rev. and Mrs. A. S. Kaye.

**ALLEN GROVE.**  
Allen Grove, March 17.—Mrs. Chancey Strang is at Avalon, Wis., this week, caring for her brother-in-law who is very sick with the mumps.  
Will Boyce, of Beloit, spent Sunday with his parents.

Miss Maggie McKinney is rapidly improving.

Mr. and Mrs. Stockwell left Tuesday for their new home in Col. Mrs. Stockwell stopping on her way to visit her sister. Their many friends wish them success in their undertaking.

A farewell reception was given at the M. E. Church Friday evening, for Mr. and Mrs. S. J. Stockwell. A number of their friends were present. As a token of esteem they were presented with a rocking chair.

Mrs. Carrie Skinner's remains were laid to rest Sunday, at Mt. Phillip cemetery.

**BARKERS CORNERS.**  
Barkers Corners, March 17.—The Ladies' Aid Society will meet with Mrs. William Cox, at Indian Ford, Thursday, March 20.

On account of stormy weather there wasn't any quarterly meeting at the U. B. church last week.

A number from here have sold their tobacco and drove it to the city. The cold snap this week makes us all think of winter, and that it has come back more fierce than ever.

Mrs. Guffy was on the sick list last week.

Mr. O. N. Dutton is somewhat improved.

**DON'T ACCEPT COUNTERFEITS.**  
For piles, skin diseases, sores, cuts, bruises, burns and other wounds nothing equals Do-Will's Witch Hazel Salve. Don't be got counterfeits. None genuine except Do-Will's. "I have suffered since 1865 with protruding, bleeding piles and until recently could find no permanent relief. I tried a lot of Dr. J. C. Felt's Ark. Finally I tried Do-Will's Witch Hazel Salve which soon completely cured me."

**JANESVILLE MARKET PRICES.**

Be sure and use that old and well-tried remedy

WINSLOW'S SOOTHING SYRUP, for children

teething. It soothes the child, softens the gums

allays all pain, cures wind colic and is the best

remedy for diarrhoea. 25c a bottle.

**Threaten Terrible in Sweden.**  
Stockholm, March 19.—The government bill to extend the parliamentary franchise has thoroughly disgusted the liberals, who voted for compulsory military service last year on the distinct understanding that an efficient reform bill would be introduced. Revolutionary movements are being fostered by the new liberal federation, which has issued a call for a conference. The social democrats will meet to decide whether violent steps should be taken.

**Laundrymen Elect Officers.**  
Peoria, Ill., March 19.—The annual convention of the Illinois Laundrymen's association has adjourned. The next meeting will be held at Rock Island. Officers for the ensuing year were elected as follows: President, H. B. Leaman, Canton; vice president, F. G. McClelland, Macomb; second vice president, W. H. White, Joliet; secretary-treasurer, U. E. Fitch, La Salle.

**Prominent St. Louis Lawyer Dead.**  
St. Louis, March 19.—Henry Hitchcock, brother of Secretary of the Interior Hitchcock, is dead. Mr. Hitchcock had been ill for some weeks with heart trouble. He was 71 years old. He was formerly president of the St. Louis Bar association and had a wide reputation among lawyers throughout the country.

**Storm Over in Colorado.**  
Denver, Colo., March 19.—Reports from the mountain towns indicate that the storm of the last few days has abated and the prospect is for clear weather. No loss of life or serious damage from the storm has been reported.

**Albanians Attack a Town.**  
Constantinople, March 19.—A band of 200 Albanians recently attacked the Town of Filinta. Several men were killed and wounded on both sides. No Christians participated in the outbreak.

**If You Could Look**  
into the future and see the condition to which your cough, if neglected, will bring you, you would seek relief at once—and that naturally would be through  
**Shiloh's Consumption Cure**

JANESVILLE

**..PLUMBING..  
THIS SPRING?**

If you are going to build, or if the plumbing in the old house needs renewing, great care should be exercised in the decision as to who does the work. After the pipes are in and covered up it's a poor time to discover the cold fact that the work was inferior.

The best way absolutely to remove all doubt is to give the contract to a firm who has demonstrated their knowledge in everything pertaining to plumbing and its branches. Our list of satisfied customers is a long one—many of the largest and most difficult contracts in the city were completed with our force of experts. Glad to tell you more about it, and please to explain the new ideas in house plumbing if you will call.

**McVICKER BROS.**

Reliable Plumbers, South Main St.

### Nobby Spring Suits

**At Popular Prices.**

**\$10.00**

**\$12.50**

**\$15.00**

For this spring and summer we have placed in stock an up-to-date line of Gents' Suits that for exclusive patterns and styles are not surpassed by any. Popular prices prevail here—not \$20 and \$25 Suits at these prices, but \$20 and \$25 Suits at \$15. Seeing is believing and we most cordially invite you to call and see that what we say is plain truth.

In Boys' Clothing, ages 3 to 16 years, our line should interest every father and mother. Prices of 2 and 3 piece Suits..... **\$2 to \$5**

**IT WILL PAY YOU TO WATCH THIS SPACE.**
